An instrument for the sure of gonital Debility, or Nocturnal Emissions, more properly known as Sem-ani Weakness, etc. Can be permanently cured in rown fifteen days to two months, by the use of this natrument, when used conjointly with medicines. YOUNG MEN TAKE PARTICULAR NOTICE.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. AMOS and SON lake pleasure in announcing
that they have invented a most important instrument for the curs of the above diseases. It has been
subjected to a test by the most eminent physicians in
London, Paris, Philadelphia and New York; it has
been declared the only useful instrument which has
ever yet been invented, for the cure of Seminal
Weakiness, or any disease of the genital organia,
caused by the secret habits of youth. Price Ten Dole
lars, by Mail or Express.

A CURE WARRANTED. Dr. AMOS and SON have devoted their attention exclusively to this peculiar class of maladies, and the rolled fibe have consequently been able to render their fellow-creaturs, is fully testified and gratefully acknowledged by convalencemt patients and others daily arriving in fown, from all parts of the country, for the express purpose only of consultations, while their exertions have been crowned with the most stend advantages; very row what they Hone, while their exertions havebeen crowned with the most signal advantages; yet arom what they have experienced in enquiring into the causes of these infectious complaints, from their most simple condition to that of the most dangerous and inveterate, they have always entertained the possibility of their prevention and removal, and likewise invariably found that the most horrible and malignant forms of disease could almost invariably be traced to one of the following causes:—ignorance, neglect, or the till effects of unskillnin or improper treatment;

to one of the following causes:—ignorance, neglect, or the lit effects of unsatillation improper treatment; therefore Dr. AMOS and SON have succeeded in discovering, in the selection of their remedies, a safe, effectual and cautious course; omitting all combination of remedies which bear an equivosal character, as well as those whose premature or injudicious application might be productive of bad consequences in the bands of private individuals. In short, the laudable end of their remedies is the leasuing of a great mass of human misery by the alleviation, relief and prevention of those grievous affections that are in reality the server foe of life, and which, while they so extensively surround us, call aloud for our skill and interference for their extermination.

20 DOZ. SHAKER BROOMS. red 20 dog sharer Brooms, and to CHARLES POST,

The blood leaves the surface, and rushes to the Jeffersonian standard. I need scarcely add, that on the Lecompton question, the opinions of Mr. Buchanan and Mr. McLaughlis, considering their former antagonism, are singularly hermonious?

St. Jaseph is really a fine city, containing a population of at least 10,000 inhabitants. It is by far the most substantially built city above 8s. Louis, and everything about it has a permanent air. In a hushness point of view their is no comparison between it and enventee.

Fever and Ague.

Ayer's Ague Cure. which neutralizes this malarious poleon in the bined, and stimulates the liver to expel it from the blood, As it should, so it does over this afficilize disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and them is easy those who used free from its atmeks; keeps the system in health although exposed to the disease. Consequently into only cares, but protects from, the great variety of affections which are induced by this malifmust influence, anch as Remittent Fover, Chill Fever, Damb, or Masked Agne, Periodical Headache, or Bilous Hendache, Billous Fevers, Neutralgia, Rheumalism, Gout, Bilindness, Toothache, Earache, Castarch, Asthus, Palpitations, Painful Affections of the Speen, Hysteries, Colis, Parnivsis, and Painful Affections of the Stomach and Bewels, all of wifeth, when arising from this cause, will be found to assume more or less the internitual tree. The "Adventions of the stomach and Bewels, all of wifeth, when arising from this cause, will be found to assume more or less the internitual tree. The "Adventical removes the care. els, all of wifels, when arising from this enterwill be found to assume more or less the intermitbest type. This "Ao or Cent" removes the cause
of these derangements, and cures the disease.

This it accomplishes by stimulating the exerctories to expel the virus from the system; and
these organs by degrees become habited to do this
their office of their own account these organs by degrees become habited to do this
their office of their own account, one of their own account, of
its facrificed in the altempt, while this "Ao sin
Cure" does it at once, and will safety. We have
great reason to believe this is a surer as well as
after remedy for the whole class of disease
which are caused by the minimum in fraction,
than any other which has been discovered; and
it has still another important advantage to the
public, which is, that it is cheap as well as good.
